Dear Rep: Fontana:

This is a formal request asking you to support SB 393 (An Act Concerning Standards in Health Care Provider Contracts). I would like to thanks Senator Crisco and Rep. Fontana for raising this Bill.

I support this Bill because it will prevent insurance companies from setting fees on non covered dental procedures. I do not understand how it is fair for an insurance company to set fees on procedures that they do not even cover? It seems un-American for an insurance company to be able to do that. If they cover a procedure then they can set the fees wherever they want but if they don't cover a procedure they should have no right at setting fees.

Thank you for your support. if you have any questions please call me at 860-561-1233 or e-mail at william.macdonnell@gmail.com.

Respectfully submitted,

Bill
